Newsletter

2020 is a usual year for everyone. We are experiencing an unprecedented disaster from the coronavirus pandemic. At the beginning of the year, the coronavirus infection spread to China and there was no exception for Dongguan, our hometown. There was an extremely shortage of medical supplies, especially masks. The overseas Chinese were so anxious after hearing the news from the Dongguan Municipal People's Government and the Dongguan Overseas Chinese Federation and responded actively by making donations, among them some even not came from Dongguan. GYT has made the appeal at the time: "Coronavirus is spreading in China and the epidemic situation in Dongguan is also very serious. The whole country is working hard against the epidemic and a lot of medical resources are urgently needed". In view of this, Mr Tong Lau, the former President of GYT, with the strong support from President Colin Chau and other Directors, urged the hometown folks and friends to support the donation activities. It was managed to raise A\$47,000 in two weeks' time.

The epidemic has not slowed down. We have tried every means to buy 40,000 Australian standard medical masks with the donated funds of \$44,000. Within a very short period of time, the masks were sent to the Dongguan People's Hospital and the Dongguan People's Hospital No. 9. through the Guangdong Overseas Chinese Federation. The remaining \$3,000 with the forthcoming \$2,000, making a total of \$5,000 will be passed to the Dong Guan Charity Federation through the Dongguan Overseas Chinese Federation. We are thankful to all parties for their cooperation in order to get things done.

When the epidemic in China had just eased, it started the spread to the whole world. Unfortunately, Australia has not escaped from this. There was shortage of medical supplies, especially the masks. During the crisis, the Dongguan Municipal Government and the Dongguan Overseas Chinese Federation demonstrated their care and concern, offered to us the anti-epidemic materials on their own initiative. Instead of sending us the 10,000 masks that we have asked for, they sent us 20,000 masks. We are deeply impressed and grateful for the support and contribution from the hometown.

Now we have received 20,000 masks that meet the Chinese and EU standard. Each member will be given 10 masks. A family with three members or above can request up to 30 marks. At the same time, 2,000 masks will be donated to the Chinese students in Sydney and to be arranged by their Student Society. All the remaining masks will be donated to the nursing homes, the designated anti-epidemic hospitals and the volunteers who have contributed to the fight against the epidemic. GYT's members can register with the office secretary for having the masks by making phone calls (92817206) or email to info@goonyetong.org.au. Members need to provide their names, membership numbers, contact phone numbers, addresses and email addresses. There is no need to come to the office to collect the masks as they will be mailed directly to the members' homes. Details are as follows:

1. Senior members whose age are 70 or over can register with phone calls (or emails) to confirm their addresses, the number of masks should be received and the agreement to the [Disclaimer](#) below.
2. All other members must register by emails. However, before the registration process, members must read and agree with the [Disclaimer](#) below and also the agreement of receiving the Newsletter by emails in the future.

Disclaimer: GYT will not bear any legal or compensation responsibility for the personal health, discomfort, allergies or any symptoms will be caused due to improper use, incorrect wearing, repeated use or failure to follow the guidelines of the medical safety regulations. The user must bear all the consequences and the entire risk of virus infection by using these donated masks themselves. Please be considerate and take note of this important declaration.

The whole world now is facing the unfortunate epidemic at the moment and it is hardly to find any country that is not suffering. It is hoped that people from Australia and China, or people all over the world can work hard together to get through this difficult period and look forward for the better days tomorrow.

Goon Yee Tong Limited
President, Colin Chau
